

THE MUSIC STUDIO

For more than 30 years, we have been the music school of choice for those wanting to learn music in ways that engage, transform, educate, and entertain. Our innovative, supportive faculty teaches a custom curriculum that provides opportunities that exist nowhere else. Our classrooms and our instruments, from our many grand pianos to the smallest Orff glockenspiel, are as singular as our curriculum and our teachers. Our students and their families are diverse, delightful and as engaging and fun as our program. We are honored that they chose us.

Our student base is varied, including public, private, and home-school students, students who have yet to start pre-school, and others who finished school decades ago. We draw students from Hudson to Saratoga, and from Canajoharie to Petersburg, as well as from Albany, Schenectady, Clifton Park, and almost everywhere in between.

Our program begins with group lessons that introduce young children to the joy of music through focused, playful musical activities that stimulate and build confidence. As our students develop more advanced musical skills and broaden their musical foundation, they graduate to private piano lessons, group theory/repertoire classes and additional activities. We also offer adult students a chance to connect to music - those who've never had a piano lesson and those who took for years - through Recreational Piano.

We are a school, not a business nor a franchise; our commitment to music is equaled by our dedication to our students and their families.

We hope you enjoy learning about music lessons for your child or yourself, but if you need more information, please call us at (518) 459-7799, e-mail us at info@The-Music-Studio.com, or visit us.

Summer 2010

FUN WITH MUSIC

Music for the Very Young

Happily and almost effortlessly, young children learn the basics of rhythm and melody, dynamics and tempo, pitch and contour through simple musical games, songs, and activities. The fun of music is reinforced while a young child acquires fundamental music experiences and skills.

Classes for 2 year olds provide parent and child the heritage of traditional tunes, folk songs, finger games, and nursery rhymes from their grandparents' time and just yesterday, creating a delightful family legacy of shared music. The classes are small so parent and child focus on one another - and the music.

50 minutes
Cost: \$68.00

Music for the Very Young: 2 Year Olds

June 29 - July 20: T 5:00
July 12 - July 21: M W 10:00
August 10 - August 19: T Th 10:00

Let's Begin

Group music programs are a delight for young children who can learn - almost without effort - the basics of rhythm and melody through such joyful activities as singing, marching, clapping, and playing rhythm instruments. The fun of music is reinforced while the young child acquires fundamental music experiences and skills.

An introduction to The Music Studio's music fundamentals program, Let's Begin is designed for children ages three through seven. The course is complete in itself and it enables both students and parents to experience, in a short-term session, the varied musical activities and shared reactions that are part of The Music Studio's school year music fundamentals course.

Students are grouped by age and meet for four sessions. Parents attend class with their children and participate with them in many of the class activities.

- Singing
- Ear Training
- Rhythm
- Movement
- Keyboard
- Note Reading
- Ensemble
- Composition
