THE MUSIC STUDIO

For more than 30 years, we have been the music school of choice for those wanting to learn music in ways that engage, transform, educate, and entertain. Our innovative, supportive faculty teaches a custom curriculum that provides opportunities that exist nowhere else. Our classrooms and our instruments, from our many grand pianos to the smallest Orff glockenspiel, are as singular as our curriculum and our teachers. Our students and their families are diverse, delightful and as engaging and fun as our program. We are honored that they chose us.

Our student base is varied and includes public, private and home-school students.. We draw students from Hudson to Saratoga, and from Canajoharie to Petersburg, as well as from Albany, Schenectady, Clifton Park, and almost everywhere in between.

Our program begins with group lessons that introduce young children to the joy of music through focused, playful musical activities that stimulate and build confidence. As our students develop more advanced musical skills and broaden their musical foundation, they graduate to private piano lessons, group theory/repertoire classes and additional activities. We also offer adult students a chance to connect to music - those who've never had a piano lesson and those who took for years - through Recreational Piano.

We are a school, not a business nor a franchise; our commitment to music is equaled by our dedication to our students and their families.

Our commitment to music is equaled by our dedication to our students and their families.

MUSIC FOR THE YOUNG

(Classes for 3 and young 4-year olds)

Happily and almost effortlessly, 3 to young 4-year olds learn the basics of rhythm and melody, dynamics and tempo, pitch and contour through simple musical games, songs, and activities.

Our music lessons for children are creative, positive, well-paced, and gentle; the aspects of music that children learn are real and a firm foundation of music education. And, because parents' joy in their children and in music is so powerful, parent participation is absolutely essential.

The four week courses can be taken in any order as each builds upon fundamentals. Each class meets for an hour. Tuition: \$72

(Classes for children ages 3-7)

An introduction to The Music Studio's music fundamentals program, Let's Begin is designed for children ages 3-7. Students are grouped by age and meet once a week for 1 hour. Parents attend class with their children and participate with them in many of the class activities: Singing, ear training, rhythm, movement, keyboard orientation, note reading, ensemble, and composition. Tuition: \$72
